

## 'Green ICT towards Innovation and Quality Research'.

### Registration Form

Please fill in all the necessary information below.  
Delegate details

Name: *	
Position:	
Organisation: *	
E-mail address: *	
Address:	
City:	
Post Code:	
Tel Number: *	
Fax Number:	
Registration Fees (√)	

### Payment details:

Cheque/Draft Number: *	
Amount:	
Bank: *	

Kindly fax or email this form to 03-79579249 / [informatics11@fsktm.um.edu.my](mailto:informatics11@fsktm.um.edu.my).  
Thank you.

### Registration Information

#### Registration Fees

International Participants	USD 500.00
Local Participants	MYR 500.00

#### Bank Draft/ Banker's Cheque:

Payment can be made payable to: **BENDAHARI UNIVERSITI MALAYA** and addressed to:

**Informatics 2011**  
**Faculty of Computer Science & Information Technology**  
**University of Malaya**  
**50603 Kuala Lumpur, Malaysia**

Further Details/Enquiries, please contact:

Madam Lily

Co-sponsored by:

## 4<sup>th</sup> International Conference on Informatics and Technology (Informatics '11)

**10<sup>th</sup> to 11<sup>th</sup> November 2011**  
**DK2, Faculty of Computer Science & Information Technology,**  
**University of Malaya**

'Green ICT towards Innovation and Quality Research'.

## ‘Green ICT towards Innovation and Quality Research’.

This conference is of interest to researchers, industry players, and practitioners involved in cluster, grid and cloud computing that are now harnessing clouds in their respective fields to maximise performance, minimise cost and improve the scale of their endeavors. **Informatics '11**, one of the region's premier ICT events, will address a range of important topics with respect to using eco-friendly informatics and technologies to boost and promote innovations and quality research. These topics are in line with the conference's theme, that is, **‘Green ICT towards Innovation and Quality Research’**.

The conference has invited 6 prestigious national and international experts to discuss on the latest development in the area of Green ICT. Demonstrations are included in each session to provide better understanding and proof-of-concept of the underlying technologies.

## ‘Green ICT towards Innovation and Quality Research’.

### Tentative Schedule

#### Day 1: 10 November 2011 (Thursday)

Time	Event	Speaker
